SUMMARY

Fourth-year Bachelor of Science in Information Technology student majoring in Systems Development at Central Luzon State University and a Career Service Professional Eligibility passer. Has academic and personal project experience in web application development, user interface design, and technical documentation. Seeking an IT OJT opportunity to apply technical knowledge, strengthen practical skills, and gain hands-on industry experience.

EDUCATION

Bachelor of Science in Information Technology | Central Luzon State University (CLSU)
Major in System Development | Expected Graduation: 2027

TECHNICAL SKILLS

- **Programming Languages:** PHP, Python, JavaScript, C
- **Web Technologies:** HTML, CSS
- **Frameworks & Libraries:** React, Laravel, Bootstrap, Tailwind CSS
- **Database Management:** MySQL
- **Development Tools:** Visual Studio Code, XAMPP, Git, GitHub, Jupyter Notebook
- **Platforms & Networking:** WordPress, Cisco Packet Tracer
- **AI Tools:** Claude, Gemini, ChatGPT

PROJECTS

Localized Web-Based Weather Monitoring and Forecasting System | *Capstone Project | Team of 3 | Ongoing*

- Assigned as Front-end developer for a real-time weather dashboard for CLSU's Center of Climate Change and Environmental Management, displaying temperature, humidity, pressure, rainfall and air quality data.
- Assisted in setting up the weather station tower and wrote the client profile, significance of the study, definition of terms, and the literature review for the capstone paper.

Basic Restaurant Management System (RMS) | *Academic Project | Team of 3 | React, Laravel | Sep 2026*

- Assisted in developing the user interface of a restaurant management application using React and Laravel, collaborating with team members on the system's implementation.

Basic Library Management System (LMS) | *Individual Academic Project | PHP, MySQL, Bootstrap | Feb 2025*

- Developed a PHP-based library management system with user authentication, book management (CRUD), archiving, search functionality, and PDF generation.

Task Garden – To-Do List Web App | *Personal Project | React, Vite, CSS Modules | Nov 2026*

- Developed a responsive multi-page to-do app with task and list management (CRUD), search, filtering, sorting, drag-and-drop reordering, and browser-based data storage with backup/restore.
- Designed a custom themed interface with a progress dashboard, light/dark mode, and layouts that adapt from mobile to desktop screens.

CERTIFICATIONS, TRAINING & ELIGIBILITY

- Career Service Professional Eligibility (Professional Level) — Civil Service Commission | August 2026
- Introduction to Modern AI — Cisco Networking Academy | April 2026
- Security and Connectivity Support — Cisco Networking Academy | March 2026
- Creating Compelling Reports — Cisco Networking Academy | March 2026
- IT Customer Support Basics — Cisco Networking Academy | March 2026

PROFESSIONAL SKILLS

Adaptability and Continuous Learning • Problem-Solving and Analytical Thinking • Teamwork and Collaboration • Technical Documentation • Time Management and Organization
